Fresh Cavendish Bananas for Export

IVN-PF-C-03

INDUSVINA is the supply brand. Actual manufacturer remains unconfirmed.

Fresh Cavendish bananas for importers, distributors, and retailers. Variety, harvest maturity, and packaging must be verified before commercial offering.

Fresh Cavendish bananas for export, SKU IVN-PF-C-03, are supplied by INDUSVINA for B2B fresh-produce chains serving importers, distributors, retail programs, and foodservice buyers. Each lot should be assessed against destination-market requirements for variety identification, harvest maturity, appearance, post-harvest handling, traceability, and packaging configuration. INDUSVINA should collect supporting documentation and review actual product samples before confirming any commercial or technical claim to buyers.

Catalogue

Fresh Cavendish Bananas for Export, SKU IVN-PF-C-03, are a fresh-produce item for international B2B supply. Intended applications include import, distribution, retail, and foodservice programs, while commercial details must be confirmed for each lot and destination market. Review should cover actual samples, variety identification, harvest maturity, appearance, uniformity, labels, traceability, and packaging. Post-harvest handling, storage, and transport are to follow supplier documentation and buyer or authority requirements that have been specifically established. Records to review include lot information, origin information when available, packing-party information when available, labels, inspection results, and relevant documents. The Codex banana standard is used only as a category reference and does not confirm that this lot conforms to a standard or holds any certificate.

Usage guide

Usage guidance for procurement and distribution teams: before issuing an offer for SKU IVN-PF-C-03, confirm through documents and actual samples the Cavendish variety, harvest condition, appearance, packaging configuration, quantity, and destination-market requirements. At receipt, check lot identification, labels, package integrity, and product condition against the approved agreement; record deviations with photographs and an inspection record. Storage, handling, and transport must follow written guidance from the supply source, logistics provider, and verified current import requirements. Retain offer records, lot information, inspection outcomes, complaints, and disposition decisions. Do not use this guidance as a substitute for phytosanitary instructions or as confirmation of quality, certification, origin, or customs-clearance status.

Draft SOP

Purpose: establish an INDUSVINA draft procedure for reviewing and offering Fresh Cavendish Bananas for Export, SKU IVN-PF-C-03. Scope: from receipt of farm or lot information through transfer of records to the B2B buyer. Inspection: verify variety identification, actual condition, harvest maturity, appearance, uniformity, traceability, and packaging configuration against destination-market requirements. Handling and storage: apply only conditions confirmed in writing by the supplier, logistics provider, and applicable market requirements; do not infer temperatures or treatment methods. Records: retain sample images, lot identification, growing or packing information when available, inspection records, labels, and supplied documents. Limits: this is a draft SOP, not a substitute for phytosanitary, food-safety, import, or contractual requirements; it does not confirm certification or clearance eligibility for any lot.
